

Principal's Weekly **TMS** News Update!

COVID 19 Readiness

With the recent increase in the number of confirmed COVID 19 cases in multiple states across the nation, it is an appropriate time to remind parents, students, and teachers of the importance of being prepared for the possibility of a school closing. We need to be prepared for a notification of an immediate school closing, which would mean the implementation of distance learning for the entire district. That being said, parents and teachers should be reminding students that they should be bringing Chromebooks, chargers, and any relevant materials back and forth between home and school each day. Teachers, as well, should be prepared to transition into distance learning on very short notice without access to the building or their classrooms.

Important reminder for Distance Learners

We still have several students/families that are distance learners that have not returned the packet of colored forms that you received at the beginning of the year. If you have not signed and returned the forms yet, please do so immediately. You may return these forms to the main office by:

- Dropping them in the "Drop box" in the TMS foyer.
- Send them into the office with a friend or neighbor.
- Mail them back to the school (785 Riverside Drive, No. Grosvenordale, CT 06255)
- Email them to trekowski@thompsonpublicschools.org.

Thank you for your immediate attention to this, as we are required by law to have these documents on file for ALL students.

TMS Open House

On Tuesday, October 29th, TMS held its first virtual Open House for parents via Zoom. The event went very well with informative presentations by our teachers and Related Services Staff. Parents in attendance got the opportunity to meet their child's teachers and staff members, as well as engage in question and answer sessions.

Please be reminded that Parent/Teacher Conferences will be held on November 4th and 5th. More information and details relative to this event will be forthcoming.
